

FAIRMOUNT COVID-19 PREVENTION AND PROTECTION UPDATE

April 24, 2020

Dedicated to Faith, Family & Community

We are thankful to report that Fairmount currently has no cases of COVID-19 acquired on our campus among our residents or team members. We also celebrated the discharge of our first recuperated COVID-19 patient. We are thankful to God that He provided us with the means and the dedicated team to be able to demonstrate compassion to those who need assistance.

We continue to isolate Fairmount residents returning from the hospital in our secure Dogwood care center or in their apartment or cottage for two weeks as a precaution in case they contracted the virus in the hospital. We have accepted two more stable COVID-19 positive patients in our Dogwood care center who were discharged from the hospital.

OUR TEAM & RESIDENTS ARE BOTH HEROES!

We appreciate your patience during this season of rules and restrictions! We are all in this together. We realize that you miss your visits with your family and friends. During this time we've learned a new language (when did we ever say "social distancing" before March 2020?). We've learned new behaviors (hand washing, wearing masks, isolating at home, video chatting). However, when looking back on this crazy time, we will discover how much strength we had to get through it. We want to encourage you to keep the faith, follow the rules and we will rise above it—together.

OTHER ACTIONS RECENTLY TAKEN:

- Some of our residents are volunteering for Mennonite Disaster Services sewing masks.
- President/CEO Jerry Lile held a virtual town hall meeting for our team members where he answered questions they presented via email.
- **Tropical Smoothie Café**, Ephrata, contributed smoothies for our dedicated team members.
- We've been blessed with generous support from the local business community who have donated food items for our team members.
 - Glenwood Foods, Ephrata
 - Green Hills Farm Discount Grocer, Lititz
 - Uninvest, Brownstown
 - Weiser's Market, Akron
