Sharing Fund Facts

- The Sharing Fund is a fund to help offset the cost of care for Health Care and Personal Care residents whose resources are depleted through no fault of their own.
- On average, we have about 35 residents per month receiving benevolent care funds.
- For the year ending June 30, 2026, the Medicaid reimbursement for Health Care residents was approximately \$230 per resident per day less than our costs. Unfortunately, healthcare costs continue to rise faster than the Medicaid reimbursements.
- Fundraising events supplement the deficit but do not cover the annual shortfall of approximately 5 million dollars.
- All Sharing Fund proceeds come from voluntary donations and special events such as today's Auction and Barbecue.
- Fairmount Homes is grateful for the continued support of many donors, as the Sharing Fund is vital to our operations. We appreciate every gift, no matter how large or small.

To God be the glory great things He hath done!
So loved He the world that He gave us His Son,
Who yielded His life an atonement for sin
And opened the Life-gate that all may go in.

Great things He hath taught us, great things He
hath done,
And great our rejoicing thru Jesus the Son;
But purer and higher and greater will be
Our wonder, our transport, when Jesus we see.

Chorus:

Praise the Lord, Praise the Lord,
Let the earth hear His voice!
Praise the Lord, Praise the Lord,
Let the people rejoice!
O come to the Father thru Jesus the Son,
And give Him the glory great things He hath done.
